

Bow Bears Pre-School CIO

Safeguarding Policy

During the COVID Pandemic we have continued to follow our setting safeguarding policies and procedures, and any additional considerations during this time specifically related to COVID have been identified in Annexe 1.

Purpose and Aims

The purpose of Bow Bears CIO safeguarding policy is to provide a secure framework for the workforce in safeguarding and promoting the welfare of those children/young people who attend our setting. The policy aims to ensure that:

- All our children are safe and protected from harm.
- Other elements of provision and policies are in place to enable children to feel safe and adopt safe practices;
- Staff, children, trustees, committee, visitors, volunteers and parents are aware of the expected behaviours' and the settings legal responsibilities in relation to the safeguarding and promoting the welfare of all of our children.

Ethos

'Every child deserves the best possible start in life and the support that enable them to fulfil their potential. A secure, safe and happy childhood is important in its own right.' Statutory Framework for the Early Years Foundation Stage (EYFS)

Safeguarding in Bow Bears CIO is considered everyone's responsibility and as such our setting aims to create the safest environment within which every child has the opportunity to achieve their full potential. Bow Bears CIO recognises the contribution it can make in ensuring that all children registered or who use our setting have a trusted adult/key worker with whom they feel safe and that they will be listened to and appropriate action taken. We recognise that this is especially important for children who are unable to communicate e.g. babies and very young children that they have very strong attachment to their care givers. We will work to ensure children's safety by working in partnership with other agencies i.e. Early Help, MASH, Social Care, Police as well as seeking to establish effective working relationships with parents, carers and other colleagues to develop and provide activities and opportunities that will help to equip children with the skills they need. This will include materials and learning experiences that will encourage our children to develop essential life skills and protective behaviours.

This policy has been developed in accordance with the principles established by the Children Act 1989; and in line with the following:

“Working together to Safeguard Children 2018”

What to do if you are worried a Child is being abused” 2015

“Keeping Children Safe in Education” 2019

“The Prevent Duty” 2015

“Information Sharing; Advice for Practitioners providing safeguarding services to children, young people, parents and carers” 2018

Responsibilities and expectations

The management and Trustees takes seriously its responsibility under section 11 of the Children Act and duties under “working together” to safeguard and promote the welfare of children; to work together with other agencies to ensure adequate arrangements exist within our setting to identify, and support those children who are suffering harm or are likely to suffer significant harm. We recognise that all staff and management have a full and active part to play in protecting our children from harm, and that the child’s welfare is our paramount concern.

Bow Bears CIO has trustees whose legal responsibility it is to make sure that the setting has an effective safeguarding policy and procedures in place and monitors that the setting complies with them. The trustees should also ensure that the policy is made available to parents and carers if requested. It is the responsibility of the trustees to ensure that all staff and volunteers are properly checked to make sure they are safe to work with the children who attend our setting, that the setting has procedures for handling allegations of abuse made against members of staff (including the Playleader/Manager) or volunteers and ensure the safe and appropriate use of cameras, mobile phones, technology and on line equipment within the setting. They will also need to ensure the Counter Terrorism and Security Act 2015 which places a duty on early years and childcare providers “to have due regard to the need to prevent people from being drawn into terrorism” (The Prevent Duty) is implemented, taking into account the Local Safeguarding Children’s Board “Prevent” policies, protocols and procedures and ensuring the Fundamental British Values are implemented as stated in the EYFS. The trustees have appointed a Designated Safeguarding Lead (DSL) who has lead responsibility for dealing with all safeguarding issues in our setting.

The **Designated Safeguarding Lead is Abi Short**. If they are not available then contact the **Deputy Designated Safeguarding Lead Claire Marshall Tucker**. *(These persons can also be contacted with any safeguarding concerns).*

The **Named Trustee for Safeguarding is Erin Blake**.

The responsibilities for the DSL are:-

- to ensure that all safeguarding issues raised in setting are effectively responded to, recorded and referred to the appropriate agency.
- To ensure all adults are alert to circumstances when a child and family may need access to Early Help
- All adults, (including volunteers) new to our setting will be made aware of this policy and the procedures for child protection, the name and contact details of the DSL and these are explained, as part of their induction into the setting.
- They are also responsible for arranging the whole settings safeguarding training for all staff and volunteers who work with children and young people in our setting. The DSL must ensure that the settings safeguarding training takes place at least every three years for all with regular updates during this period; which they can deliver within setting provided they are linked in to the support and quality assurance process offered by the Local Authority and the Devon Children and Families Partnership.
- to attend or ensure that a senior member of staff who has the relevant training and access to appropriate supervision, attends where appropriate, all child protection case conferences, reviews, core groups or meetings where it concerns a child in our care and to contribute to multi-agency discussions to safeguard and promote the child's welfare.
- for ensuring the acceptable, safe use and storage of all camera technology, images, and mobile phones through the implementation, monitoring and reviewing of the appropriate policies and procedures. This includes the On line safety Policy which includes Camera and Mobile Phone use.

All Child Protection concerns need to be acted on **immediately**. If you are concerned that a child may be at risk or is actually suffering abuse, you must tell the DSL.

All Adults, including the DSL, have a duty to refer all known or suspected cases of abuse to the relevant agency including MASH (Multi Agency Safeguarding Hub), Children and Young Peoples Service (CYPS) – Social Care, or the Police. Where a disclosure is made to a visiting staff member from a different agency, e.g. Early Years Consultants, Health Visitors, it is the responsibility of that agency staff to formally report the referral to the Setting's Designated Person in the first instance. Any records made should be kept securely on the Child's Protection file.

Recognising concerns, signs and indicators of abuse

Safeguarding is not just about protecting children from deliberate harm. For our setting it includes such things as child safety, bullying, racist abuse and harassment, visits, intimate care and internet safety etc. However it must be acknowledged that technology itself will not present the greatest risk, but the behaviours of individuals using such equipment will. The witnessing of abuse can have a damaging

affect on those who are party to it, as well as the child subjected to the actual abuse, and in itself will have a significant impact on the health and emotional well-being of the child. Abuse can take place in any family, institution or community setting, by telephone or on the internet. Abuse can often be difficult to recognise as children may behave differently or seem unhappy for many reasons, as they move through the stages of childhood or their family circumstances change. However, it is important to know the indicators of abuse and to be alert to the **need to consult further**.

Physical Abuse

This can involve hitting, shaking, throwing, poisoning, punching, kicking, scalding, burning, drowning and suffocating. It can also result when a parent or carer deliberately causes the ill health of a child in order to seek attention through fabricated or induced illness. This was previously known as Munchausen's Syndrome by Proxy.

Emotional Abuse

Emotional Abuse is where a child's need for love, security, recognition and praise is not met. It may involve seeing or hearing the ill-treatment of someone else such as in Domestic Violence or Domestic Abuse. A parent, carer or authority figure is considered emotionally abusive when they are consistently hostile, rejecting, threatening or undermining toward a child or other family member. It can also occur when children are prevented from having social contact with others or if inappropriate expectations are placed upon them. Symptoms that indicate emotional abuse include:

- Excessively clingy or attention seeking.
- Very low self-esteem or excessive self-criticism.
- Withdrawn behaviour or fearfulness.
- Lack of appropriate boundaries with strangers; too eager to please.
- Eating disorders or self-harm

Sexual Abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening. This may include physical contact both penetrative and non-penetrative, or viewing pornographic material including through the use of the internet. Indicators of sexual abuse include: allegations or disclosures, genital soreness, injuries or disclosure, sexually transmitted diseases, inappropriate sexualized behaviour including words, play or drawing.

Child Sexual Exploitation is a form of abuse of which involves children (male and female, of different ethnic origins and of different ages) receiving something (e.g. food, accommodation, drugs, alcohol,

cigarettes, affection, gifts, money) in exchange for sexual activity. It can occur through the use of technology without the child's immediate recognition.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs which can significantly harm their health and development. Neglect can include inadequate supervision (being left alone for long periods of time), lack of stimulation, social contact or education, lack of appropriate food, shelter, appropriate clothing for conditions and medical attention and treatment when necessary.

Children who have Special Educational needs and/or disabilities

All children have the right to be safe yet research shows that disabled children are three times more likely to be abused. A number of factors have been identified as to reasons why these children are more at risk and as a setting we are aware of these and endeavour to protect all our children.

Prevent

The Counter Terrorism & Security Act 2015

The act places a Prevent Duty on settings to have "due regard to the need to prevent people from being drawn into terrorism"

Settings subject to the Prevent Duty will be expected to demonstrate activity in the following areas

- Assessing the risk of children being drawn into terrorism
- Demonstrate that they are protecting children and young people from being drawn into terrorism by having robust safeguarding policies.
- Ensure that their safeguarding arrangements take into account the policies and procedures of the Local Safeguarding Children Board – Devon Children and Families Partnership.
- Make sure that staff have training that gives them the knowledge and confidence to identify children and families at risk of being drawn into terrorism, and to challenge extremist ideas which can be used to legitimise terrorism.
- Expected to ensure children are safe from terrorist and extremist material when accessing the internet in the setting.

What to do if you are concerned

If a child makes a disclosure or allegation of abuse against an adult or other child or young person, it is important that you:

- Stay calm and listen carefully.
- Reassure them that they have done the right thing in telling you.
- Do not investigate or ask leading questions.
- Let them know that you will need to tell someone else.
- Do not promise to keep what they have told you a secret.
- Inform your Safeguarding Designated Officer as soon as possible.
- Make a written record of the allegation, disclosure or incident which you must sign, date and record your position using the setting safeguarding record log forms.

If you are concerned that a member of staff or adult in a position of trust poses a danger to a child or young person or that they might be abusing a child or young person you should report your concerns to the DSL. Where those concerns relate to the DSL however, this should be reported to the Named Trustee using the settings 'Whistle blowing' policy.

Whistleblowing

We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so. All staff should be aware of their duty to raise concerns about the attitude of colleagues via our whistleblowing and complaints policies and appropriate advice will be sought from the LADO or Safeguarding Team where necessary.

Managing Allegations

We are aware of the possibility of allegations being made against members of staff or volunteers that are working or may come into contact with children and young people whilst in our setting. Allegations will usually be that some kind of abuse has taken place. This could include inappropriate behaviour displayed by members of staff or other persons working with the children such as inappropriate sexual comments, excessive one to one attention beyond the requirements their role and responsibilities, inappropriate sharing of images. They can be made by children and young people or other concerned adults. Allegations are made for a variety of reasons:

- Abuse has actually taken place.
- Something has happened to the child that reminds them of a past event – the child is unable to recognize that the situation and people are different; Children can misinterpret your language or your actions.
- Some children recognise that allegations can be powerful and if they are angry with you about something they can make an allegation as a way of hitting out.
- An allegation can be a way of seeking attention.

If an allegation is made against an adult in a position of trust whether they be members of staff or volunteers this should be brought to the immediate attention of the DSL who will advise the designated Safeguarding Trustee. In the case of the allegation being made against the DSL this will be brought to the immediate attention of the Safeguarding Trustee. The DSL/Trustee will need to discuss with the Local Authority Designated Officer (LADO) the nature of the allegations made against the adult, in order for the appropriate action to be taken. This may constitute an initial evaluation meeting or strategy discussion depending on the allegation being made. The Safeguarding Trustee will need to:

- Refer to the Local Authority Designated Officer (LADO) immediately and follow up in writing within 48 hours. Consider safeguarding arrangements of the child or young person to ensure they are away from the alleged abuser.
- Contact the parents or carers of the child/young person if advised to do so by the LADO.
- Consider the rights of the staff member for a fair and equal process of investigation.
- Advise Ofsted of allegation within 14 days of the allegation
- Ensure that the appropriate disciplinary procedures are followed including whether suspending a member of staff from work until the outcome of any investigation if this is deemed necessary.
- Act on any decision made in any strategy meeting.
- Advise the Disclosure and Barring Service ¹where a member of staff has been disciplined or dismissed as a result of the allegations being founded.

A copy of "**What to do if you're worried a child is being abused**²" booklet is kept with this policy. This sets out the guidelines on dealing with incidents, disclosures and the procedures that must be followed.

Confidentiality

- We recognise that all matters relating to child protection are confidential
- The DSL will disclose personal information about a child or young person to other members of staff on a need to know basis only.
- However, all staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.
- All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or well-being of another.
- We will always undertake to share our concerns with parents and guardians and their consent is sought in accordance with Early Help and MASH procedures unless doing so would increase the

EYCS Model Safeguarding Policy April 2015

risk of harm to the child. If in doubt regarding sharing information with parents and guardians, we will consult with the MASH consultation team.

- We will take no names consultations with our MASH team to discuss concerns we may have, but we understand that if they then ask for a name we will disclose those details and it will become an enquiry.

Training

All members of staff and volunteers will have access to whole setting safeguarding training at least every three years in line with Devon Safeguarding Children's Board (DSCB). We will also, as part of our induction, issue information in relation to our Safeguarding policy and any policy related to safeguarding and promoting our children/young people's welfare to all newly appointed staff and volunteers. There will also be regular safeguarding updates at staff meetings.

Our DSL's will undertake further safeguarding training, Group 3 DCFB Multi-agency Safeguarding course or Group 3 Refresher Courses. This will be undertaken at least every three years which updates their awareness and understanding of the impact of the wide agenda of safeguarding issues. This will support both the DSL and deputy DSL to be able to better undertake their role and support the setting in ensuring our safeguarding arrangements are robust and achieving better outcomes for the children in our setting. This includes taking part in multi-agency training in addition to safeguarding training.

Our Trustees will have access to safeguarding training and our Named Trustee for Safeguarding will also undertake additional awareness training at least every three years. They will also be advised to undertake additional training to support their employers' role in Handling Allegations against adults who work with children and young people, including our staff and volunteers.

Our safeguarding arrangements are reported on an annual basis to our Trustees and our Safeguarding policy is reviewed annually, in order to keep it updated in line with local and national guidance/legislation.

We will include our Safeguarding Policy in our settings prospectus/website and will post copies of our policy throughout the setting. We are also able to arrange for our policy to be made available to parents whose first language is not English, on request.

Mobile Phones and Cameras

Bow Bears CIO has policies and procedures in place with regard to the use of mobile phones and cameras in the setting and on visits etc. ***Please see Online Safety Policy.***

Related Setting Policies

'Safeguarding covers more than the contribution made to child protection in relation to individual children. It also encompasses issues such as child health and safety, bullying and a range of other issues, for example, arrangements for meeting the medical needs of children, providing first aid, setting security, drugs and substance misuse, etc.

There may also be other safeguarding issues that are specific to the local area or population'
Safeguarding Children and Safer Recruitment in Education DfES 2007

This policy will cross reference to related setting policies and other protocol:

Multi-Agency Safeguarding Hub – MASH

- Manages contacts and referrals received from any source (usually CYPS and Police 121A reports)
- Develops a document recording the concern information and all other available information in the Hubs within agreed timescales and an Early Years and Families manager makes an informed decision using all of the available information.
- Develops concern information into an Early Years and Families referral if services are required under section 17 or section 47 of The Children Act 1989
- Liaises with the Early Response Service for children and young people who need services but do not meet The Children Act 1989 threshold
- Provides consultation to agency referrers about thresholds, appropriate action to be undertaken and services.

The Hub contributes to improved outcomes for safeguarding children because it has the ability to swiftly collate and share information held by the various agencies and to provide a multi-agency risk assessment of each case for 'actual or likely harm'.

A copy of the MASH (Multi Agency Safeguarding Hub) Factsheet for Parents available for you to look at **OR** please go to <http://www.devon.gov.uk/mashparentsfactsheet.pdf> for a copy of the MASH Factsheet for Parents"

The above list is not exhaustive and as new policy guidance and legislation develops within the remit of Safeguarding we will review and update our policies and procedures as appropriate and in line with the Devon Children Families Partnership and Local Authority.

Current Safeguarding Issues

Some members of our communities hold beliefs that may be common within particular cultures but which are against the law of England. Bow Bears CIO does not condone practices that are illegal and which are harmful to children. Examples of particular practices are:

Child Exploitation and E-Safety

Children and young people can be exploited and suffer bullying through their use of modern technology such as the Internet, mobile phones and social networking sites. In order to minimize the risks to our children and young people **Bow Bears CIO** will ensure that we have in place appropriate measures such as security filtering, and an acceptable use policy linked to our E-Safety policy. We will ensure that staff are aware of how not to compromise their position of trust in or outside of the setting and are aware of the dangers associated with social networking sites.

Our E-safety policy will clearly state that mobile phone, camera or electronic communications with a child at our setting is not acceptable other than for approved setting business. Where it is suspected that a child is at risk from Internet abuse or cyber bullying we will report our concerns to the appropriate agency.

Forced Marriage

Bow Bears CIO does not support the idea of forcing someone to marry without their consent.

Under-age Marriage

In England, a young person cannot legally marry until they are 16 years old (without the consent of their parents or carers) nor have sexual relationships.

Genital mutilation/female circumcision

This is against the law, yet for some communities it is considered a religious act and cultural requirement. It is illegal for someone to arrange for a child to go abroad with the intention of having her circumcised. If any of the above areas of concern is brought to the attention of Bow Bears CIO we will report those concerns to the appropriate agency in order to prevent this form of abuse taking place.

Ritualistic Abuse

Some faiths believe that spirits and demons can possess people (including children). What should never be considered is the use of any physical or psychological violence to get rid of the possessing spirit. This is abusive and will result in the criminal conviction of those using this form of abuse even if the intention is to help the child.

Sexually Active under Eighteen years old

It is acknowledged by those working with young people that most young people under the age of 18 will have an interest in sex and sexual relationships. The Protocol for Sexually Active Young People under 18 years old has been designed to assist those working with children and young people to identify where these relationships may be abusive, and the children and young people may need the provision of protection or additional services.

Safeguarding Disabled Children

Disabled children have exactly the same human rights to be safe from abuse and neglect, to be protected from harm and achieve the Every Child Matters outcomes as non-disabled children.

Disabled children do however require additional action. This is because they experience greater risks and '*created vulnerability*' as a result of negative attitudes about disabled children and unequal access to services and resources, and because they may have additional needs relating to physical, sensory, cognitive and/ or communication impairment (*Safeguarding Children, DCSF, July 2009*) Bow Bears CIO will ensure that our disabled children are listened to and responded to appropriately where they have concerns regarding abuse. In order to do this we will ensure that our staff and volunteers receive the relevant training to raise awareness and have access to specialist staff in the event they have concerns regarding abuse of a child.

Safer Recruitment and Selection

It is a requirement for all agencies to ensure that all staff recruited to work with children and young people are properly selected and checked. At Bow Bears CIO we will ensure that we have a member on every recruitment panel who has received the appropriate recruitment and selection training. That all of our staff are appropriately qualified and have the relevant employment history and checks to ensure they are safe to work with children in compliance with the Key Safeguarding Employment Standards.

Honour Based Violence

Honour based violence' is a crime or incident, which has or may have been committed to protect or defend the honour of the family and/or community'. It is important to be alert to signs of distress and indications such as self-harm, absence from setting, infections resulting from female genital mutilation, isolation from peers, being monitored by family, not participating in setting activities, unreasonable restrictions at home. Where it is suspected that a child/young person is at risk from Honour based violence Bow Bears CIO will report those concerns to the appropriate agency in order to prevent this form of abuse taking place.

Trafficked Children

Child trafficking involves moving children across or within national or international borders for the purposes of exploitation. Exploitation includes children being used for sex work, domestic work, restaurant/ sweatshop, drug dealing, shoplifting and benefit fraud. Where Bow Bears CIO is made aware of a child is suspected of or actually being trafficked/exploited we will report our concerns to the appropriate agency.

Domestic Abuse

The Government defines domestic abuse as "***Any incident of threatening behaviour, violence or abuse (psychological, physical, sexual, financial or emotional) between adults who are or have been intimate partners or family members regardless of gender or sexuality***".

Staff need to understand what is required of them if children are members of the household where domestic abuse is known or suspected to be taking place. Our policy includes action to be taken regarding referrals to the Police and Children and Young People's Services and any action to be taken where a member of staff is the alleged perpetrator or victim of domestic abuse. At Bow Bears CIO we will follow our safeguarding policy and report any suspected concerns regarding Domestic Abuse to the relevant agency.

Private Fostering

Private fostering is an arrangement made between the parent and the private foster carer, who then becomes responsible for caring for the child in such a way as to safeguard and promote his/her welfare.

A privately fostered child means a child under the age of 16 (18 if a disabled child) who is cared for and provided with accommodation by someone other than:

- A parent.
- A person who is not a parent but has parental responsibility.
- A close relative.
- A Local Authority.

for more than 28 days and where the care is intended to continue. It is a statutory duty for us at Bow Bears CIO to inform the Local Authority via MASH where we are made aware of a child or young person who may be subject to private fostering arrangements.
